SUMMARY

With the set of skills that I have developed myself as a fresher, I am looking for an opportunity in an organization to enhance the skillset further along with increasing the overall value of the organization and delivering the best results.

SKILLS

LANGUAGES: Java, HTML, CSS, JavaScript, React Js, Node Js.

TOOLS: Eclipse IDE, VS Code, GitHub.

TECHINICAL SUMMARY

- Good at OOP, exception handling and collections in Java.
- JavaScript (ES6+): Proficient in DOM manipulation, event handling, and asynchronous programming.

EXPERIENCE

Intern, Web Development | InternPe

April 2024 – May 2024 , Chennai

- Gained hands-on experience in web development, working on various projects that involved front-end technologies.
- Expertise in semantic markup and accessibility standards and skills in layout design, animations, and responsive frameworks (e.g., Bootstrap, Flexbox, Grid).

WORKSHOP

NXplorer Workshop | Shell

November 2022 , Chennai

- Participated in a comprehensive workshop focused on systems thinking, scenario planning, and addressing global challenges related to energy, water, and food.

Young Creators Program | Zoho

16 March 2023 , Chennai

- Engaged in a hands-on program designed to enhance skills in software development, entrepreneurship, creative and Gained experience in using Zoho tools and platforms to create innovative solutions for real-world problems.

PROJECTS

YouTube video search app

- YouTube video search app using the YouTube Data API. Users can search for videos, view metadata and click thumbnails to watch on YouTube. It features a clean, ad-free interface with smooth pagination via "Load More" button. The layout is inspired by YouTube's video cards, optimized for mobile responsiveness. Perfect for quickly discovering videos without distractions.

TestYantra Clone

- Developed a responsive Testyantra clone that replicates the core functionality and design of the Testyantra web application by using React Js.

Personal Portfolio Website

- A personal portfolio website to showcase my projects, skills, and contact information. The site is fully responsive and optimized for both desktop and mobile users.
